Company Description:	<p>American Specialty Foods</p> <p>This company, established in Dubai, UAE in 2008 is an importer and re-exporter of mainly foodservice products. As of 2013, it has established the American Specialty Foods LLC company in Houston, TX and in Delaware, USA and is distributing food products under its brands in the UAE and a wide range of countries. The company imports cheese sauces, a full range of hot sauces, canned beans, mayonnaise and other condiments from the United States; Jalapeno peppers from Peru, Mexico and India; corn chips from Oman; tortilla flour from Spain; full range of frozen fruits, cut, whole or pulp from Egypt, Peru and India; full range of cheeses from the United States and India and spices and seasonings from the United States, Mexico and India. About 80 percent of the company's imports are destined to the foodservice sector and 20 percent to the retail sector. Most of the company's products are marketed under its "American Specialty", "Pepe's Mexicana" and "Hany's Gourmet Fruits" brands. The company has representation in 40 countries in the Middle East, Asia Pacific, North and South Americas and Europe and is planning to expand to more countries. The company reported that about 80 percent of its imports originate from the United States. However, the company is very keen to expand its range of US food and beverage products. It could be a good candidate for foodservice and possibly retail oriented buyers' missions and for visits by US trade team members carrying foodservice products.
