Company Phone:	Available Upon Registration	Year Founded:	1990
Company Description:	Núcleos y Premezclas S.R.L. (Nupresa) was born from the efforts of feed-nutrition manufacturing professionals who saw the need for animal feed producers to have a formula of micro-elements that would allow them to make their animal feed at a fair cost, with quality, consistency, and ease. Nupresa makes the most complete nuclei for animal feed, which they add to the macro elements (corn, soy, bran, fat) in pre-established proportions and thus provide the complete finished feed to their customers. Nupresa is the leading company in the Dominican Republic in the production of nuclei and premixes for animal nutrition.
