Company Description:	<p>Scalzo Food Industries is a family-owned business, 100% owned and operated by the Scalzo family. Their reputation across the globe is exceptional. They are a fast-paced business who responds to their customers' requirements but also drives opportunities into their marketplace. Their business has had sustained and consistent growth in value and volume over an extended period. The business continues to invest back into new capabilities and infrastructure to secure the future.</p> <p>Scalzo is a major supplier to both the retail sector and food manufacturing markets in Australia and New Zealand. They are also a significant co-manufacturer for household brand names in Australia and New Zealand. They celebrated their 40th year of operation in 2017 and the USA has been a strategic sourcing origin for their business over many years.</p> <p>Scalzo currently looks at major product lines such as nuts, dried fruit, seed and grains, starches, snack items, and inclusions. Their customers range from major retailers where they have value added to raw ingredients, to major multinationals, medium-sized manufacturers, and wholesale customers. Scalzo's products go across most categories, including bakery, dairy, snacking, health, ready meals, dips, nuts and fruit, confectionery, and frozen.</p> <p>Scalzo has been dealing with companies in the USA and is always looking for new items from the States, as the quality standards are high. Scalzo would be pleased to meet new suppliers to discuss opportunities to conduct business and import their products into the Australian marketplace.</p>

Company Information			
Company Address:	Available Upon Registration	Website:	http://www.nutrassim.com.br
Company Phone:	Available Upon Registration	Year Founded:	2007
Company Description:	<p>Nutrassim is a Brazilian importer and distributor of food ingredients, specializing in dietary fibers. Established in 2007, the company focuses on a diverse range of food ingredient blends, with products such as soluble and insoluble fibers, additives, preservatives, thickening agents, phosphates, and enzymes. Operating from their headquarters and warehouse in Minas Gerais in the Southeast region of Brazil, Nutrassim is able to distribute to all regions of the country. They supply their ingredients to a wide range of food manufacturers, such as: Vigor, Pamphis, and Bunitis (dairy); Churrabom and Frigorifico Alle (meats); Massa Leve / JBS, Selmi, and Siena (pasta); Biscuits Parati (biscuits and wafers); SanaVita (nutraceuticals); and Secale and Grano Brasilis (breads). Additionally, they also distribute to some animal feed industries, but their primary focus remains on food ingredients.</p> <p>With approximately 80% of their portfolio consisting of imported food ingredients from the U.S., Nutrassim has recently started a new department focused on blends for the meat sector in Brazil and is working on a project to increase their annual sales by 50% before the end of 2024. With this growing demand, they are currently seeking new suppliers of food ingredients. They are particularly interested in dietary fibers, flavors, preservatives, thickening agents, whey, sodium caseinate, calcium caseinate, microcrystalline cellulose, phosphates, enzymes, among other things.</p>

Company Description:	<p>LICA Enterprises Group, founded in 1974, is the leading importing and distributor for food additives, functional food ingredients, and food raw material in the Greater China area (mainland China, Hong Kong, and Taiwan). Their headquarters is in Taipei, Taiwan and they have subsidiary offices in Guangzhou and Shanghai. Each office has its own sales team, well-organized warehouse, and complete sales net. LICA is equipped with its own laboratory and R&D team, which has in-depth associated knowledge and is well capable of developing new products. LICA staff have either food technology or nutrition majors, so are well equipped to develop products for customers.</p> <p>LICA is currently the sole distributor for starches, chemicals, chocolate oil, and bakery ingredients for several well-known U.S. suppliers. LICA also currently imports Non-GMO soybeans from the U.S. via Los Angeles. The soybeans are made into a soy paste for use in breads.</p>

Company Phone:	Available Upon Registration	Year Founded:	2004
Company Description:	<p>Demeter started its business as a small importer of mainly local goods, distributing to manufacturers. In the 22 years since they were established, Demeter has grown into one of the leading Turkish suppliers of food ingredients and feed ingredients for Turkey and neighboring markets like Greece. They are well-established in the Turkish market and active in all parts of the food manufacturing and foodservice industry. Their goal is to provide quality and reliable food ingredients and feed ingredients to their customers, which include Turkish national, as well as international, food manufacturers and some HRI chains.</p> <p>The main products they currently carry are starches, proteins, vegetable flakes and purees, flavor enhancers, as well as all kinds of food powders. As their business is growing, they are looking for new suppliers to enlarge their portfolio. Demeter is searching for the healthiest, most natural, and most functional product groups to be used in the production of foodstuffs so they can improve their relationships with their customers and to develop relations in the frame of friendship and trust, to reach the leader position of the industry. They are currently generating most of their turnover from imports and have worked with US suppliers in the past to bring tomato paste to Turkey. Currently, they are mainly dealing with EU and Asian suppliers and are looking to being working with US suppliers. They are open for any kind of cooperation to develop their knowledge and share of Turkey's market.</p> <p>All products must be non-GMO.</p>

Company Description:	<p>Pure Food Processing is a UAE-based manufacturing/repacking company specialized in the production of culinary condiments for HORECA and export markets. They manufacture and/or repack items such as condiments, sauces, syrups, baking powder, honey, icing sugars, salad dressings, popcorn, and other products, all from imported ingredients. Pure Food Processing imports various products from the U.S. (tomato paste, salad dressings, BBQ sauce, apple cider vinegar, chocolate syrup, strawberry syrup, pancake syrup, and popcorn), China (baking powder), France (icing sugar, egg yolks), Ukraine (sunflower oil), South Africa (corn flour), India (essences for its rose water and rose syrup production), Australia (honey), and Spain (olive oil). About 40 percent of the company's production is marketed locally in the UAE and the remaining 60 percent is exported to other markets including Libya, Iraq, Nepal, Bangladesh, Tanzania, India, Bahrain, Kuwait, Oman, Ethiopia, Kenya, and Nigeria. Pure Food Processing plans to expand its range of products further, particularly in dry pulses, grains, dry nuts, and other products, all from imported ingredients. Pure Food Processing is looking to expand into processing of food products that are not the traditional products processed in this region and wants to find new products and new processes. In the next few years, the company plans to also begin importing and distributing FMCG food and non-food products.</p>

Company Description:	<p>F.R. Benson has been in business since 1964. They work only with suppliers that meet the highest international standards, so that they can be confident that their customers' needs are met in full. F.R. Benson consider customers to be partners and have developed long-term relationships over many years, creating enduring friendships to mutual benefit. They also consider their suppliers as colleagues.</p> <p>F.R. Benson's product range is continually being extended, and they are called upon to source new ingredients to meet the needs of evolving trends and new product development. Together Bensons and their suppliers offer manufacturers an unrivalled selection of ingredients, whether sweet or savoury, powdered or liquid, granules or paste. Ingredients of current topicality include those that meet vegan and free from sectors.</p> <p>F R Benson has helped to design many new products that are now well-known brands, working with renowned multinationals as well as leading British producers of quality foods. The UK is undergoing a considerable shift in food choices and the ingredients sector is having to adapt and locate a variety of new ingredients to include free from, plant based and vegan, to meet the demands of manufacturers as they increase their new product lines.</p>
