Eligible Activities Include:

• Advertisements
• Marketing and Promotions
• International Tradeshows
• Public Relations
• International Websites
• Foreign Market Compliant Packaging/Labeling
• and More!

Market Your Products Internationally and Receive 50% Reimbursement While You Do It!

Your complete guide to managing the 2022 BRANDED PROGRAM

EXPORTER MANUAL
The Branded Program is a cost-share funding program that provides financial assistance to help U.S. food and agricultural exporters promote their products in international markets. Participants in this program receive 50 percent cost reimbursement for a variety of approved overseas marketing and promotional expenses.

**2020 BRANDED PROGRAM YEAR RESULTS**

- **408 companies** assisted
- **40 new companies**
- **79 countries**

**Over**

- **$550 Million** actual export sales
- **$760 Million** in projected export sales
Dear U.S. Exporter:

Your company’s decision to market your products internationally through Food Export–Midwest and Food Export–Northeast’s Branded Program benefits your small business by growing your export marketing budget, helping to engage greater export growth. On a grander scale, your participation helps offset the American trade deficit and supports over 800,000 American jobs. To assist you in this endeavor, we are proud to offer the 2022 Branded Program.

Food Export–Midwest and Food Export–Northeast are non-profit organizations comprised of state agricultural promotion agencies that use federal, state, and industry resources to promote the export of Midwestern and Northeastern food and agricultural products. We are dedicated to supporting U.S. suppliers whose business strategy includes promoting their branded food and agricultural products in overseas markets.

Through Exporter Education, Market Entry, and Market Promotion strategies, Food Export–Midwest and Food Export–Northeast can help your company understand and discover new exporting opportunities by providing 50% reimbursement for costs incurred to execute eligible marketing and promotional activities. These services are made possible through funding from the Foreign Agricultural Service (FAS) of the USDA.

We provide this manual in an effort to make your participation in the Branded Program as easy as possible. It is important that you review the policies, procedures, and guidelines of the program in order to take full advantage of all its benefits. See pages 38-39 for a complete list of state departments of agriculture and contacts. Additionally, should you need further assistance, contact the Food Export Liaison team at 312.334.9200 in the Midwest and 215.829.9111 in the Northeast.

You can easily manage your entire 2022 Branded Program participation using My Food Export Portal at foodexport.org. Login (or register for a new account) today!

We appreciate your interest in the 2022 Branded Program. We look forward to working with you throughout the year to help you promote and sell your products abroad!

---

Reimbursement claims must be submitted within 60 days after the completion of the activity. Reimbursements are subject to denial if submitted after 60 days. Spending that occurs before you submit your application will not be reimbursable (with the exception of certain tradeshows booth and international travel expenses. Apply early to avoid lost opportunity.

---

The Foreign Agricultural Service (FAS) of the USDA may issue new regulations and/or revised interpretations or make other changes without notice. If this happens, Food Export–Midwest and Food Export–Northeast may be required to further amend or restrict these guidelines and, in some cases, amend program agreements accordingly.
Is Your Company Eligible For The Branded Program?

- **Company Must Be Small or Medium in Size or a Cooperative**
  Only companies defined as “Small” or “Medium” by the U.S. Small Business Administration (SBA) are eligible to participate. Agricultural producer cooperatives are also eligible and exempt from size restrictions. The SBA utilizes the North American Industry Classification System (NAICS) to determine company size status. Generally your total number of employees determines your size. Total number of employees includes all subsidiary employees, all parent company employees, and employees of all subsidiaries of the parent company. For more information, go to [sba.gov](http://sba.gov).

- **Companies Must Be Based in the United States and Headquartered in the Midwest or Northeast Regions**
  Each participating company must be a registered business entity in the United States. Companies must be headquartered in one or more of the following states in the Midwest (Food Export–Midwest) and/or Northeast (Food Export–Northeast) regions and can document a positive economic impact to the states listed on page 6. A company’s headquarters is defined as the physical location of the business’ main management/operations office.

- **Participants Must Have Adequate Resources and Product Supply for Export Market Development**
  Each eligible company must provide adequate management and financial resources for export market development. Likewise, companies must furnish adequate product quantities necessary to ensure continuous supplies to the markets for which funding is requested.

- **Participants Must Have Sufficient Gross Sales and Resources**
  Each participant must have at least $100,000 in gross sales during the previous year and adequate management and financial resources for export market development.
Agricultural Trade Promotion Program Funding

The Branded Program is funded annually through the US Department of Agriculture’s Market Access Program (MAP). In 2022, Food Export–Midwest and Food Export–Northeast will continue to offer funding from the USDA Agricultural Trade Promotion Program (ATP). ATP is meant to help mitigate trade damages from retaliatory tariffs on US agricultural products. ATP could be beneficial to companies that may not have qualified previously because of company size standards.

The process to apply for 2022 ATP funding is the same as applying for MAP funding.

Log on to foodexport.org and complete your 2022 Branded application following the instructions on page 11.
If You Are Outside the Midwest and Northeast Regions

If you are not headquartered in the Midwest or Northeast, you can still apply for the Branded Program through other State Regional Trade Groups (SRTGs). Food Export–Midwest and Food Export–Northeast are two of four SRTGs in the United States. Companies located in or impacting the Southern region can contact the Southern U.S. Trade Association (SUSTA) at susta.org or by phone 504.568.5986. For companies located in or impacting the Western region, contact the Western U.S. Agricultural Trade Association (WUSATA) at wusata.org or 360.693.3373.

Are Your Products Eligible For The Branded Program?

Products Must Be Value-Added Agricultural Products Including But Not Limited To:

- Food ingredients
- Specific wood products
- Consumer food products
- Other Agricultural Products
- Hemp**
- Foodservice products
- Seafood*
- Feed ingredients
- Pet food products

* Eligible seafood products must be of 100% U.S. origin unless they are processed or used as an ingredient. Please contact us for more information about seafood products.

** Hemp products and hemp ingredients must comply with all local, state, federal or international country laws and regulations to conduct eligible marketing activities and seek reimbursement. Please click here to review the requirements. Products containing CBD are NOT eligible in the program.

Products Must Contain at Least 50% U.S. Agricultural Content/Ingredients

The U.S. content of food and agricultural products is determined by the percentage of finished product (measured by weight) that originates in the United States, excluding water, packaging and minerals (including salt).

Please bear in mind, ingredients grown in a foreign country are not U.S. agricultural products even if they are purchased from a U.S. company.

Product Must Have a Clearly Visible Statement Indicating U.S. Origin

Brand names with U.S. or America in the title do not fulfill the origin statement requirement. Identifying the origin of your brand as a product of the USA, America, New Jersey, Minnesota, Connecticut, etc. meets this requirement.

Note, if you opt to use your state name as your origin statement, you must use the full state name (e.g. Vermont, not VT). See pages 17-18 for examples of eligible USA origin statements. This requirement does not apply in countries included on the “U.S. Origin Exemption List” located on page 17.

A U.S. origin statement is recommended, but not required for activities taking place in the United States.

If you are a pet food company and face restrictions on your U.S. origin statement, contact your Branded team and we will work with you to find a solution.
Important Fraud Information

Products Cannot Be Covered By Another Commodity Group
Companies can participate in the Food Export Branded Program ONLY if funding assistance is not available for their product(s) through another commodity group.

Product(s) affected might include chocolate, confections, and meat. If a company has multiple product lines, (for example, roasted almonds and snack chips) that company can apply for Food Export–Midwest or Food Export–Northeast’s Branded Program.

Other cooperators who have Branded Programs are:
- Blue Diamond Growers/Almond Board of California
- California Pistachio Export Council/Cal Pure
- National Confectioners Association
- Ocean Spray Cranberries, Inc./Cranberry Marketing Committee
- Southern United States Trade Association (SUSTA)
- Sunkist Growers, Inc.
- Sunsweet Growers/California Dried Plum Board
- Sun-Maid Growers of California/Raisin Administrative Committee
- U.S. Livestock Genetics
- U.S. Meat Export Federation
- Welch Foods, Inc./National Grape Growers Cooperative
- Western United States Agricultural Trade Association (WUSATA)

Important Fraud Information
All Branded Program participants are expected to comply with the laws of the countries they are doing business with, as are the agents representing them. Failure to obey these laws is grounds for being dropped from the program. If participants knowingly commit an act of fraud we are authorized to inform the Foreign Agricultural Service (FAS) of the USDA and they will be dropped from the program. Additional legal action may be taken.

Food Export–Midwest and Food Export–Northeast have a zero tolerance policy regarding fraud. Participants will not engage in fraud which, for the purposes of this program is defined as: the taking or obtaining by deception, of money or any other benefit from—when not entitled to the benefit or the attempt to do so; the intentional misrepresentation of—financial position; the intentional misrepresentation of information leading to financial loss; the alteration of claim documentation. All suspected fraud and allegations of fraud will be reported to the Foreign Agricultural Service (FAS) of the USDA, which could result in being dropped from the program and legal action being taken.
Branded Program Checklist: Understanding the Program Step by Step

**Step 1 – Pre-Qualification worksheet submission and review**  
*(up to 72 hours for approval)*

All companies must submit a pre-qualification, even those who have previously participated in the Branded Program. Applications cannot be started until the pre-qualification has been approved.

**Step 2 – Application form submission and review**
- Application Summary
- Country Marketing Plan
- U.S. tradeshows eligible for reimbursement to be included in U.S. Country Marketing Plan
- Electronic Certification Page
- Application Fee ($250), nonrefundable

Costs incurred before the date you submit your application will NOT be eligible for reimbursement. An exception may be made for certain tradeshoph booth and travel expenses.

Approvals are based on the quality of the application and the overall level of funding available. Accordingly, Food Export–Midwest and Food Export–Northeast reserve the right to accept or reject any application or limit allocations to any applicant.

There is a non-refundable fee of USD $250 paid upon submission of the application online. Your application cannot be processed until this fee is paid. We are now accepting credit card payments through our website as a form of payment for application fees and administrative fees.

**First-Time Applicants:** First-time applicants who do not have previous export experience will be limited to a maximum initial allocation of USD $25,000. First-time applicants with export experience will be limited to an initial maximum allocation of USD $50,000. Requests for additional funds, if available, will be considered if initial funding is fully utilized.

**Step 3 – Application Approval**

*Application approval can take up to four weeks*

When your application is approved, you will be notified via email. You will then receive an approval email indicating your contract effective date, contract agreement(s) for signature, an invoice for the 6% administrative fee, a “Product of the USA” sign, and a W9 Tax Form, and a form to enroll in ACH reimbursement payments.
**Step 4 – Remittance of the program fees and signed agreements**

*Within 30 days after receipt of the approval confirmation letter*

All program participants are charged a non-refundable administrative fee equal to 6% of the approved funding request. All items (completed W9, signed agreement(s), and payment of the administrative fee) MUST be returned within 30 days.

**Step 5 – Changing Country Marketing Plans**

*Deadline: December 31, 2022*

Changes to Country Marketing Plans and Domestic Tradeshow Plans are made online. All changes must be submitted prior to December 31 of the program year. This includes changes such as adding activities, brands, increasing funding levels or new country marketing plans. Allocations cannot be lowered via a contract change. Food Export–Midwest and Food Export–Northeast review and approve contract changes on a case-by-case basis.

**Step 6 – Reimbursements submission**

*Deadline: within 60 days after the activity, final deadline: February 28, 2023*

Reimbursement claims should be submitted through your company portal at [foodexport.org](http://foodexport.org), under the Branded Program tab. You will be prompted to submit your backup documentation on our website when you submit the claim. We also accept reimbursement documentation via email or physical mail.

**Step 7 – Reimbursements disbursement**

*30 day turnaround time upon submission of all required documents*

We are now able to make reimbursement payments through ACH payment. If you are interested in receiving your reimbursements this way, contact your Branded team or fill out [this form](http://this.form) and send to the Branded team.

**Step 8 – Submission of the end of year program evaluation**

*Deadline: February 28, 2023*

Program evaluations are vital to the success and improvement of the Branded Program and are mandatory for all participating companies. Evaluation forms are available online. All information is regarded as strictly “business confidential” and only reported in aggregate with other program participants.

**Step 9 – Get ready to apply for the 2023 program year**

*Application submission deadline: October 1, 2022*

All steps are covered in detail further in the manual. Please read ahead to learn more about the Branded Program.
First Step to Applying: Pre-Qualification

All companies will be cross checked with the System for Award Management (SAM) database online to ensure participants can receive federal funding. We reserve the right to independently verify the accuracy of all information provided through the pre-qualification.

The pre-qualification is a self-certifying form which we use to determine whether or not your company and products are eligible for the program. If, through our research, we are not satisfied with your company’s or your product’s eligibility, Food Export, Food Export-Midwest and Food Export-Northeast reserve the right to deny your pre-qualification.

Food Export-Midwest and Food Export-Northeast may reject any application from a past participant if we deem that they have not complied with previous Branded Program Agreements, MAP or FAS regulations, or any other laws of the United States, Food Export Association policy, or if there is an outstanding question regarding the validity of their claims, applications, or evaluations.

My Food Export Portal: Need Help?
Before logging into your account, you should have the following materials ready:

- Total number of full-time employees, including the parent company and all its subsidiaries
- Gross sales revenue
- Dunn & Bradstreet number (if you have one)
- North American Industry Classification System (NAICS) code. Determine your NAICS code here: https://www.census.gov/naics/
- Your Federal Tax ID number

The application process begins with the pre-qualification which can be accessed at foodexport.org. For returning participants log in and proceed directly to your Branded Program Portal. If you do not have an account on our website you will first need to complete the New Visitor Registration. Once you are logged in, click on “My Portal,” and click on the tab labeled “Branded Program.” Select the link “Submit a Pre-Qualification” that appears under the appropriate program year.

For instructions on how to use foodexport.org, go to: foodexport.org/docs/default-source/default-document-library/userguide.pdf
First Step to Applying: Pre-Qualification

Once your pre-qualification is approved, you will receive an email confirmation with instructions for submitting your application. The approval of your pre-qualification will automatically open your access to the application. You can access the application by clicking on “Submit Application” which will appear directly under your approved pre-qualification for the program year. Remember, you cannot begin the application until your pre-qualification is approved.

If you were in the program in past years, you can perform a search to view records from previous years. Using the Branded Program tab on “My Food Export Portal,” you can search for your pre-qualifications, program applications, reimbursements, evaluations, Pre-travel Notifications, and previously requested changes to your contract.
Before starting the application, please be sure to collect the following:

- **Sales Figures**
  Confirms total sales and gross export sales for 4 individual calendar years. We require your actual sales for 2 years prior to the application, projected sales for the year of the application, and projected sales for the following year.

- **Brand Name Products**
  Includes all products to be promoted. Include the contact information of the brand owner for any branded products promoted but not owned by the applicant.

- **Country Information**
  Refer to list of eligible activities on pages 17-24 to develop a marketing plan for each country. Obtain details for each activity you will conduct (names, dates, and costs). Determine the amount of matching funds you will request per country.

The application includes the following sections:

- **Application Summary**
  Basic company contact information, any previous use of funds through other groups, and your company’s sales information.

- **Country Marketing Plan**
  Be prepared to provide cost estimates for all of your promotional plans. If you have an importer in place, you must include the full contact information of your importer/distributor in that country.

  Note: Since June 5, 2018, Federal regulations prohibit funding Branded Program activities in the following countries: Crimea Region of Ukraine, Cuba, Iran, North Korea, and Syria. Certain restrictions apply when exporting to Sudan, please contact us for more information.

- **Tradeshows Held in the U.S.**
  Expenses associated with select USDA approved tradeshows in the United States (pages 35-36) are eligible for reimbursement.

- **Product**
  During the application, you’ll provide information on your products. We must confirm that your products meet our standards for U.S. origin. See page 7 for more information.

- **Certification Page**
  The certification page is the last page of the application summary. This page must be digitally signed and submitted online.
Completing The Application

• **Application Fee**
  A non-refundable application fee of $250 must be paid online via credit card or, in certain circumstances, a check can be mailed to the appropriate Midwest or Northeast office.

• **Exclusivity Agreement**
  If you are promoting a brand your company does not own because you are an export trading company or you are supplying product for a private label, you must submit an Exclusivity Agreement.

  Note: The minimum amount of reimbursements a company can request is USD $2,500, and the maximum amount is USD $300,000. Producer-owned agricultural cooperatives may request up to a maximum of $350,000. This maximum includes any Branded Program (MAP) funding a participant may receive from other cooperators in addition to the Branded Program. A participant can also request the same amount under ATP (Agricultural Trade Promotion Program) funding.

Please note that certification of exclusivity is used for Branded Program purposes only and provides exclusive rights for the company to obtain Branded Program funding to promote the products in the countries listed in the exclusivity agreement.
Making Changes to Your Program Agreement (Amendments)

Companies often have to make changes to their budget and allocation after signing the Program Agreement and paying the administrative fee. The examples below include the most commonly requested changes to existing Program Agreements.

It is the responsibility of your company to alert Food Export–Midwest or Food Export–Northeast of any changes to your product during the program year which may change your eligibility for Branded Program Promotion. This includes changes to the ownership of the Brand, changes to exclusivity agreement, changes to private label agreement or changes to the product itself which would decrease its U.S. Agricultural content below the minimal acceptable content as outlined by Market Access Program guidelines.

**Adding a New Country**
A new country marketing plan must be submitted. Additional funds may be requested, or existing funds can be shifted from another country in your approved application.

**Moving Funds Between Existing Approved Countries**
Due to our two sources of funding (refer to page 5), to move funds between existing approved countries you may need to submit a contract amendment request. This is different from the past, so contact your Branded team with any questions.

**Requesting Additional Funds**
Spending beyond your original allocation may be reimbursed only after the request has been approved. Thus it is important to track your expected utilization and request additional funding before December 31 of the program year.

- Requests for additional allocation will be accompanied by a 6% administrative fee on any additional funding approved.
- The deadline to submit contract change requests is December 31 of the program year.
- Total allocations generally may not exceed USD $300,000 per company in a single program year, or $350,000 for a producer-owned agricultural cooperative. However, it may be possible to receive funding above this limit. Contact the Branded team to see if your company is eligible.
- If requesting additional allocation, please contact the Midwest or Northeast offices to check on fund availability.
Making Changes to Your Program Agreement (Amendments)

Adding a New Overseas Agent
Whenever a new overseas agent is appointed, a participant company must add it to the appropriate Country Marketing Plan, including the company name, address, and other contact information of that importer.

Adding One or More New Products to a Country Marketing Plan
Promotions of products not in your application will result in denial of your reimbursement. You should request new products to be added as necessary.

CHANGING PLANS ONLINE

- Log into “My Food Export Portal” at foodexport.org and select the Branded Program tab.
- Select the appropriate program year. Note: If you are active in only one program year, this step is not required.
- Click on “Submit Contract Change” beneath the application data.
- Complete all the relevant fields and submit.
- Allow 2 to 3 weeks for your change request to be processed.

Need help navigating our website? Find detailed instructions on using our website to manage all of your activities by clicking on “Need Help?” in the upper right corner of foodexport.org.
Eligibility of Your Expenses

Reimbursements Are 50% of Invoiced Cost
Food Export–Midwest and Food Export–Northeast pay 50 cents per dollar of eligible expenses (with the exception of giveaway items priced above $4 each and certain travel expenses). Participating companies are paid on a reimbursement basis only.

Dates of Expenses Must Be Eligible
All program activities and related expenses must occur and be paid for between January 1, 2022, and December 31, 2022. However, no reimbursements will be made for expenses incurred before you submit your application (with the exception of certain tradeshow booth and travel expenses which must be paid in advance). This rule applies to Reimbursement Claims and Amendments. Your Approval Date is clearly stated in the Approval Letter and Program Agreements.

USA Origin Statement Must Be Present
All activities and materials (including product labels, promotional materials, advertising, booth signage, etc.) must identify the origin of the agricultural commodity as being of U.S. origin. Some examples of this are:

- “Product of USA,” “Grown in the USA,” “Made in America,”
  Full name of a U.S. state, no abbreviations, can substitute for “U.S.,”
  “USA,” or “America” in the above statement.

Note: Brand names that include “USA” or “American” do not qualify as the U.S. origin statement.

The print size of the origin identifications must conform to the U.S. standard of \( \frac{1}{4} \)th inch (.42 cm) in height based on the lowercase letter “o”. For large format promotional signage, the USA origin identification must be visible at standard viewing distance.

Food Export–Midwest and Food Export–Northeast cannot, under any circumstances, reimburse your expenses if you do not comply with the USA origin identification requirement.

U.S. companies are granted exemption from the U.S. origin labeling requirement for activities conducted in countries listed on the U.S. Origin Exemption List. These countries are currently on that list: Saudi Arabia, Yemen, Egypt, Jordan, Lebanon, Bahrain, Kuwait, Oman, Qatar, Morocco, Algeria, Libya, Tunisia, and the United States.

Note: The UAE is no longer exempt from the U.S. origin labeling requirements as of January 1, 2017.

Note: A U.S. origin statement is recommended, but not required for activities taking place in the United States.

Note: Since June 5, 2018, Federal regulations prohibit funding Branded Program activities in the following countries: Crimea Region of Ukraine, Cuba, Iran, North Korea, and Syria. Certain restrictions apply when exporting to Sudan, please contact us for more information.
Examples of Accepted U.S. Origin Statements
Marketing and Point-of-Sale Materials
The Branded Program reimburses for these marketing materials within the USA only if they are created in conjunction with and pertain to your approved tradeshow(s) held in the U.S.

Public Relations and Advertisement
We will only reimburse for marketing materials and advertisements within the USA if they are created in conjunction with and pertain to your approved tradeshow(s) held in the U.S.

Note: All of the PR materials and advertisements must promote your presence at the approved tradeshow held in the U.S.; the exhibition dates; your booth number; the brand name and the product to be eligible.

Related Expenses for Tradeshows Held in the U.S.
A list of approved tradeshows held in the U.S. is available on pages 35-36.

- Exhibit fees, freight charges to and from the show, equipment and furnishings rented at the show (i.e., booth furnishings, utilities, badge scanners, etc.) setup charges, and electricity rental are examples of eligible expenses for tradeshows held in the U.S.
- The cost of design and construction of a booth for the purposes of temporary exhibition.
- Travel and lodging expenses are not eligible for U.S. tradeshows.
- Product showcases at the tradeshows are eligible for reimbursement.

Part-time Contractors
Costs for part-time contractors that assist with product demonstrations at approved tradeshows held in the U.S. are eligible. The maximum reimbursement amount for part-time contractors is determined by the U.S. government. The maximum eligible expense for 2021 is USD $68.81 per hour or USD $550.48 per day. 2022 contractor fees will be set by the U.S. government and will be announced at a later date.

Note: Employee wages and those of your overseas agent are not eligible.
Freight Costs
Costs for shipping samples and tradeshow materials to and from approved tradeshows held in the U.S. are eligible.

*Note: The actual cost of the samples is not eligible.*

Seminars and Educational Training
Non-travel related expenses related to the production of seminars and educational training for international audiences are also eligible for reimbursement. Please be aware that in addition to the standard proof of activity for this event, you will be required to provide a list of attendees.
Provided below is a description of the promotional activities eligible for reimbursement in the Branded Program. If you have questions about the eligibility of certain expenses, do not hesitate to contact Food Export–Midwest or Food Export–Northeast.

All forms of marketing must promote the brand name and have the U.S. origin statement visible to be eligible for reimbursement.

Eligible Expenses: International

Marketing and Point-of-Sale Materials
Production and distribution costs of sell sheets, brochures, catalogs, shelf-talkers, banners, posters, recipe cards, and related materials, including the cost of translation, are eligible for all overseas marketing activities. Materials that include product discounts or coupons are not eligible.

Public Relations
Production and distribution of press releases, press kits, and other materials and information directed at the media, trade, and consumers are eligible.

Advertising
The cost of production and placement of advertisements in magazines, newspapers, posters, billboards, direct mail, transit, and on TV, radio, and international websites is eligible. Requirements for the U.S. origin statement also apply to all digital marketing, including websites.

Online Marketing
Online marketing such as advertisements on Facebook, Google, WeChat, etc. and search engine optimization (SEO) are eligible for reimbursement. We will require proof of activity in the form of a screenshot of the advertisement or social media posts clearly showing it targets a foreign audience. A U.S. origin statement must be visible.

Social Media: We reimburse for content creation and social media management and the development of social media pages that clearly target a foreign audience. We can also reimburse for advertisement of your brand on other social media sites, or by KOLs or influencers. Since social media is ever-changing, contact your Branded Program team with questions on eligibility of other platforms or types of online advertisement.

Website Development
Costs associated with developing, servicing, and updating websites that clearly target a foreign audience are eligible for reimbursement.

Videos
The production, translation, recording, and editing of videos used to advertise or promote your product to international customers is eligible for reimbursement. See this example from one of our participants.

Demonstrations/Merchandising
In-store and Food service promotions, consumer and trade demonstrations, shipment of promotional samples, temporary displays and rental of temporary space for displays, such as end-of-aisle and gondola displays, are eligible. You must provide pictures or demo reports with your request for reimbursement.
Foreign Market-Compliant Packaging/Labeling

Costs associated with design, production, and printing foreign market compliant labels to be used within the program year and any labor costs to attach or sticker (if outsourced) are eligible for reimbursement.

Participants must demonstrate:

- Packaging must clearly have been produced to create compliance with laws of the importing country.
- The company intends to use the new package/label(s) during the activity plan year.
- All reimbursable packaging and labeling must include an eligible U.S. origin statement unless the packaging and labeling are for countries listed on the U.S. Origin Exemption List on page 17.

International Tradeshow Related Expenses

Most international tradeshows are eligible including those supported or sponsored by Food Export–Midwest or Food Export–Northeast. If a tradeshows has a USDA-sponsored USA pavilion you must exhibit in that pavilion (see page 37 for more details) or contact us to request exemption from the U.S. Pavilion before the show begins.

- Exhibit fees, freight charges to and from the show, equipment and furnishings rented at the show (e.g., booth furnishings, utilities, badge scanners, etc.), setup charges, electricity rental, and limited travel expenses are eligible. Find more travel information on pages 31-33.
- Design, creation, and construction costs for a temporary booth for trade-only exhibits and shows are eligible.
- Booth must display the U.S. origin statement. The U.S. Origin Statement must be imprinted on the booth and be clearly visible.

Virtual Tradeshows

The booth cost or registration fee for many international virtual tradeshows is eligible for reimbursement. Please check with the Branded Program staff to see whether the virtual show you’re planning to attend is eligible. Marketing materials created for a virtual tradeshow are eligible. A U.S. origin statement must be present.

Note: We recognize that some tradeshow related expenses must be paid for prior to the start of the Program Year. To help cover those expenses, keep records of payments for booth deposits, airline tickets, and hotel reservations to be eligible for reimbursement even if payments were made prior to the start of the Program Year or your documented application approval date.
Eligible Expenses: International

**Travel Expenses:**
International travel expenses (flight, hotel, meals and incidentals) are eligible for reimbursement ONLY WHEN:

- Flying on an eligible airline
- Travel is associated only with exhibiting at approved, eligible tradeshows or trade missions
- Travelers have issued their pre-travel notification prior to the event

See pages 31-33 for specifics on eligible international travel expenses. For more information on travel expense eligibility, see our [7 Things to Remember When Submitting Claims for Reimbursement](#) blog. Certain restrictions apply.

**International Trade Seminars Related Expenses**
Eligible seminars are those designed to inform industry representatives about U.S. brand names and products. Site rentals, interpreters, translation, and duplication of seminar materials are eligible.

**Part-time Contractors**
- Costs for demonstrators, interpreters, and translators that assist with eligible promotional activities such as in-store demonstrations, tradeshows, and seminars are eligible.
- The maximum reimbursement amount for part-time contractors is determined by the U.S. government. The maximum eligible expense for 2021 is USD $68.81 per hour or USD $550.48 per day. 2022 contractor fees will be set by the U.S. government and will be announced at a later date.

**Freight Costs**
Costs for shipping samples to overseas agents, consumer and trade demonstrations, and for shipping tradeshow materials and samples to eligible tradeshows and seminars are eligible.

*Note: The actual cost of the samples is not eligible.*

**Trade Missions**
If a trade mission is pre-approved by the Foreign Agricultural Service (FAS) of the USDA and the State Regional Trade Groups (SRTGs), participants may qualify for reimbursements on travel expenses (i.e., hotel, meals, and airfare). Please check with us in advance. Participation fees for trade missions are not eligible for reimbursement.

**Loyalty Point Promotions**
Fees to participate in loyalty point promotions may be eligible for reimbursement on a case-by-case basis. These should be requested in advance to the Branded Program Manager. Be sure to include a U.S. origin statement in any shelf talkers or advertisements featuring the product.
Ineligible Expenses

Many marketing-related expenses are considered “costs of doing business” or, for other reasons, fall outside the regulations of the Branded Program and therefore are not eligible for reimbursement. This list should not be considered complete. If you have questions concerning your company’s specific marketing plans and eligible reimbursements, contact Food Export–Midwest or Food Export–Northeast before incurring the expense.

General Ineligible Expenses

- Expenditures for activities and materials that do not carry U.S. origin statements.
- Any activity or product not specifically included or approved as part of the participant company’s Program Agreement or Approved Amendment.
- Travel expenses, catering, and attendance fees related to international trade seminars are not eligible.
- Travel and lodging expenses related to tradeshows held in the U.S. are never eligible for reimbursement.
- In-store demonstrations and merchandising in the U.S. are not eligible.
- Expenses incurred for an activity prior to submission of the application or after December 31 of the program year.
- Any activities and functions held within the U.S. (not including certain costs for approved tradeshows held in the U.S.), its possessions, and in ineligible countries as listed on page 17.
- Vehicle rental and fuel to transport tradeshow materials and samples is not reimbursable.

Business Related Ineligible Expenses

- Salaries, living expenses, office costs, allowances, office parking fees
- Administrative expenses including communications costs (phone, fax, internet) including those related to travel (hotel and cellphone charges)
- Expenses paid to a vendor or foreign third party if we determine that a relationship exists between your company and the vendor/foreign third party in which one or more company employees, owners, partners or associates are also employees, owners, partners or associates of said vendor/foreign third party.
- Capital expenditures including purchases of anything with usable shelf-life of one year or more
- Rental, lease, or purchase of warehouse space
- Purchase, construction, or lease of space for permanent displays (i.e., displays lasting beyond a one year activity plan)
- Meals, reception refreshments, entertainment, or gifts
- Business cards, seasonal greeting cards
- Membership and Program fees
Ineligible Expenses

Business Related Ineligible Expenses (continued)

- General company literature that does not include product promotion information
- Routine translation and interpretation services not related to eligible promotional materials
- All international travel costs not associated with exhibition at an international tradeshow or not pre-approved for a trade mission
- Management consultant fees
- Product-related ineligible expenses
- Product research and development
- Package and label design/production and origin identification stickers not specifically required by importing country (see page 23 for details)
- Shelf trays
- Product samples

Marketing-Related Ineligible Expenses

- Slotting and shelf-space fees, licensing fees, product registration, and similar sales expenses
- Coupons, redemptions, price discounts, and any other activity to reduce the selling prices of an agricultural product. Printing, distribution, and promotion of coupons are not eligible.
- Advertisements or any other marketing and promotional items that feature a coupon that reduces the cost of the product
- Fees for participating in Food Export–Midwest and Food Export–Northeast programs and services (Including Food Show PLUS!™ Buyers Missions, Market Builder, Focused Trade Missions, etc.)
- Sexual enhancement products and products of a sexual nature
- Promotions or products that are deemed offensive.

A company’s promotions and advertisements cannot disparage any other company or product either directly or indirectly.
To protect against fraud and other improper activities, we require specific documentation to be submitted for all reimbursement claims. If your company submits reimbursement claims with incomplete documentation, you will be contacted for additional materials. At that point you will have 60 days from notification to provide the requested documents or the reimbursement claims will be denied. Additional documentation is required for travel reimbursement, see page 33.

**Required Materials**

All reimbursement requests require the following four documents:

1. **Invoice**
   - Document from the vendor stating charges and details of the services rendered.

2. **Proof of Payment**
   - Reimbursement is based on your payment, so we must have the proper documentation.
   - Accepted proofs of payment include:
     - **Cash Receipt** – Must be marked “paid”, and show a zero balance (only acceptable for payments under USD $1,000).
     - **Check** – We must see the cancelled version of the check (a copy of the front and back of check), or a copy of the check accompanied by a bank statement showing it was posted.
     - **Bank/Credit Card Statement** – Credit card statement must show the charge. Signature slips are not acceptable. We do not need to see payment to the credit card company.
     - **Wire Transfer** – We must see the wire transfer confirmation or the bank statement showing the posted transaction. The request alone is not sufficient.
     - **Credit Memo** – If you are paying an overseas agent in product you must provide the invoice for the product and corresponding credit memo. If there is a remaining balance after applying the credit to the invoice, we must see that the vendor/overseas agent paid the balance as well as a freight or airway bill indicating the product was shipped.

   Overseas Agent expenses are eligible if they are submitted through the U.S. participant. We need to see all invoices that the Overseas Agent incurred and their corresponding proof of payment. We then need to see the U.S. participant reimburse the Overseas Agent for at least 50% of the total invoiced amount.

   **Note:** When sending sensitive financial documents, it is recommended that you redact account numbers (except for the last four digits) and line items irrelevant to the claim. Please do not send originals—only photocopies.

All foreign language documentation must be translated into English or else it will not be processed.

Payments must be made by December 31 of the program year.
3. **Proof of Activity**

This form of documentation is dependent upon the activity. This document should be an example of the promotional activity that was conducted.

- **Marketing and Point-of-Sale Materials** – You must submit samples of the materials, either originals or photographs of the originals, and the U.S. origin statement must be clearly visible. Give-away items such as key chains, pens, and shirts must have the origin statement. The give-away item does not have to be manufactured in the U.S. However, it must have the U.S. origin statement and the brand name listed on the item.

- **International Tradeshows** – Expenses related to exhibiting at an international tradeshow require a photo of your booth. If the expense is for photos, banners, signage, or other graphics used to decorate your booth, we will need photos of each item that clearly show the U.S. origin statement on each. If you seek reimbursement of a product showcase, please submit a separate photo of your product showcase with a visible U.S. origin statement.

- **Demonstrations/Merchandising** – For in-store demonstrations, foodservice promotions, and temporary displays, we require a list of stores/locations and dates as well as representative photos of the events or displays. We recognize that some stores do not allow photography; in these cases we will accept demonstration reports.

- **International Trade Seminars** – We require photos from the events and any literature printed for distribution at the seminar.

- **Part-time Contractors** – When part-time contractors are utilized at tradeshows, seminars, or in-store tasting and demonstrations, a photograph from these events must be provided as proof of activity. In addition, the invoice must include the dates and hours worked as well as the hourly or daily rate.

- **Freight Costs** – A freight or airway bill must be submitted and must clearly show the origin and destination address of the shipment as well as indication that promotional samples are being shipped.

**Foreign Market-Compliant Packaging/Labeling**

For all charges related to creating of foreign market compliant packaging/labeling (translation, design, compliance consulting, and production of a one-year supply), we require images of the compliant packaging clearly showing the elements in the design which were done to create compliance with the importing regulations of the foreign market and the eligible U.S. origin statement. PDF/design proofs are acceptable proof of activity for design/translation/compliance consulting expenses, but cost for production of the packaging/labeling requires a photography of the packaging.
3. Proof of Activity (continued)

Advertising
- An English translation or transcript must be submitted with all foreign language advertising. U.S. origin statement must be visible or audible on all advertising.
  - Print Ads – Original publication or page from the publication clearly showing the date and name of the publication, as well as materials with the U.S. origin statement on the ad itself. A circulation statement needs to be submitted as well to show country subscriptions.
  - Billboards – A clear photo of the billboard, as well as a list with the billboard’s locations and the dates of the promotion.
  - Radio/TV Ads – A video or audio recording of the commercial. An English transcript must be submitted with all foreign language ads. If the expense is for broadcasting of the ads and not just the production, we must also receive a broadcast schedule showing dates, times, and the station(s) on which the spot(s) aired.
  - Online Advertising – Screenshots of the advertisement showing U.S. origin statement on the screen. A link to the advertisement is also acceptable as long as the link remains live (cannot be deleted or a temporary advertisement). For SEO activities, the analytics or a screenshot of the search page with U.S. origin statement are sufficient.
  - Social Media – Screenshots of the post and the profile where it is posted. Each post must contain a U.S. origin statement. For influencer videos, we require screenshots of the video showing the brand and the U.S. origin statement, or a copy of the video.

Website development
- Screen shots or a link to the website are required.
- Screen shots must clearly demonstrate that the pages are targeting a foreign audience. For example, the web page could be in a foreign language, or be associated with a foreign market extension (e.g. “co.uk” for the United Kingdom or “.ca” for a Canadian website).

Public Relations
- Samples or copies of ALL materials created (i.e., press kits, press releases, etc.)

  Note: If a press release is created for an eligible tradeshow held in the U.S., the press release must promote your exhibit at the show. No other domestic press releases are eligible.
- Copy of at least a partial mailing list and what was mailed for your mass mailings.

4. Proof of USA

The activity must promote the product as “Made in the USA”; therefore, a USA origin statement must be visible. Eligible USA origin statements are listed on page 17. Some markets are exempt from this requirement; see page 17 for a list of these markets.
The Branded Program allows for the reimbursement of some travel expenses related to international tradeshows and approved trade missions. Branded Program participants are subject to U.S. federal travel regulations for international travel.

- **Exhibiting at an International Tradeshow/USA Pavilion**
  Branded Program participants are required to exhibit inside the USDA-sponsored USA Pavilion (when there is one) to qualify for travel reimbursement. See page 37 for a list of tradeshows with USA Pavilions. If a USA Pavilion does not exist, participants may arrange for booth space anywhere.

- Participants may request exemption from the “USA Pavilion” rule if exhibiting in a product-specific pavilion or in their distributor’s booth. This request for exemption must be submitted in writing in advance of the show to Food Export–Midwest or Food Export–Northeast. Requests for exemption will be reviewed on a case-by-case basis.

- **Advance Approval of Country Marketing Plan**
  Company must have an approved Country Marketing Plan for the country where the international tradeshow physically takes place prior to exhibiting at the show.

- **Attending an Approved Trade Mission**
  Travel on trade missions that meet specific criteria are eligible for reimbursement. If you would like travel reimbursement for a trade mission, please contact us in advance to ensure the trade mission is eligible for reimbursement.
Eligible International Travel Expenses

- **Must Fly on an Eligible Carrier**
  - Flights on U.S. carriers are eligible for reimbursement
  - Flights on EU carriers are eligible if you are traveling to, traveling from, or stopping in the EU.
  - Flights on Japanese, Australian, and Swiss carriers are eligible if you are traveling to or from those markets and there is no City Pair Rate. See page 32 for further information on City Pair Rates.
  - See page 32 for a guide to further help you determine if the airlines you are using are eligible for reimbursement by the Branded Program.
  - As of January 2021, British Airlines is no longer an eligible carrier.

- **Eligible days of lodging and per diem reimbursement are two days before the start of the show through one day after the show. Your flights can be within a reasonable travel window.**

- **Must Have Same Origin and Destination**
  All additional stops in the itinerary must be for eligible, approved tradeshows and/or trade missions. If not, see directions below on providing a quote. **Extending your trip? Flying Business/First Class?**
  When you book your flight, pull and save a comparable quote showing the cost for your trip in Economy class, within the reasonable travel window, and without side trips (e.g. flying in and out of the show cities). Include this quote with your claim submission for travel reimbursement. We will reimburse the lesser of the actual ticket flown or the quote for eligible travel.

  *Note: A stop is a chosen destination, not a layover.*
Contact your Branded team for possible flight carrier exemptions.

Are you traveling between the U.S. and a European Union* (EU) country?  

NO  

Are you traveling between:  
A.) U.S. and Australia?  
B.) U.S. and Japan  
C.) U.S. and Switzerland  

NO  

YES  

Has GSA published a City Pair contract airfare rate for your travel route?**  

NO  

YES  

You may also fly on an EU airline as long as the EU flight originates, stops, or terminates in the EU.  

You may fly on a U.S. airline as long as the EU flight originates, stops, or terminates in the EU.  

You may fly on a U.S. or EU airline.

*Iceland and Norway are considered part of the EU for the purposes of the EU Open Skies Agreement. Croatia, however, is excluded from the Agreement.

**To determine if your route has an established GSA City Pair contract airfare, search your route here: https://cpsearch.fas.gov/
Eligible International Travel Expenses

- **Travel Reimbursement**
  We can reimburse for visas, passport expenses and required inoculations.

- **The Program Reimburses for Travel of Two People**
  Travel reimbursements will be made for no more than two company representatives per event. A “Company Representative” can be a full-time employee or any agent hired by the participant company. Please be advised that additional documentation for non-employees may be required, such as a copy of their contract or agreement with you.

- **Per Diem Expenses for Meals and Lodging**
  Per diem rates are published for both “lodging” costs and “meals and incidentals” (M&IE) and are based on the local city and country. Federal per diem rates are updated monthly and are available at [https://aoprals.state.gov/web920/per_diem.asp](https://aoprals.state.gov/web920/per_diem.asp).

  - **Lodging**: Travelers are reimbursed 50% for eligible lodging costs. Reimbursements are based on the actual lodging costs up to the maximum per diem allowance. Dates must correspond with tradeshow exhibit or trade mission dates. The per diem rate for the location of lodging, not the location of the tradeshow or trade mission, is utilized to calculate reimbursement.

  - **Days of travel**: The eligible lodging and per diem days include two days prior to the tradeshow and one day after.

  - **Meals and Incidentals Expenses (M&IE)**: Meals and incidentals expenses are reimbursed based on the Federal per diem rate only, no receipts need to be submitted. On the first and last eligible days (travel days), the reimbursement is based on 75% of the per diem rate. For the remaining days, the reimbursement is based on the full per diem rate. The per diem rate for the location of lodging, not the location of the tradeshow or trade mission, is utilized to calculate reimbursement.

---

On-the-side vacations and/or business meetings are not eligible for reimbursement when traveling and exhibiting at shows. When booking travel, make sure to obtain an itinerary that states the cost of the flight without side trips. Submit both the invoice and itineraries for reimbursement.
Pre-Travel Notification
You must notify the Foreign Agricultural Service (FAS) of the USDA office in the country you will be traveling to at least 30 days in advance of your travel. You may do this through our website. Log into the Branded Program Portal and click the link “Submit Pre-Travel Notification.”

Trip Report
Following your exhibition at the tradeshow, you must fill out a trip report detailing the experience. This may be done through our website as you are completing your travel reimbursement worksheet, or you can request the form from Food Export–Midwest or Food Export–Northeast.

Airline Itinerary/Invoice
We must have a detailed itinerary/invoice from either a travel agent or airline. We are specifically looking for the ticket number, origin of travel, destination of travel, travel dates, fare class for each flight, and the total ticket cost. It is advised that all participants retain copies of their boarding passes in case further documentation is needed.

Itemized Hotel Bill
We must receive a document from the hotel that shows your check in/out dates as well as the nightly room rate. If you were charged by a travel agency, travel website, or similar service provider, we require that you still obtain documentation from the hotel itself dated after your stay that verifies your check in/out dates, name of guest, and nightly room rate with tax.

Proof of Payment
You must provide a copy of your proof of payment for hotel and airfare. Any of the previously mentioned approved forms of payment are acceptable (see page 27 for more information).

Proof of Activity
For a tradeshow, we require a booth photo (see pages 27-29) and a list of contacts made. For a trade mission, please include your schedule and a list of contacts made.
U.S. Tradeshows Eligible for Reimbursement

This is a permanent list authorized by the Foreign Agricultural Service (FAS) of the USDA. Additional shows will not be added.

**Travel and per diem expenditures for tradeshows held in the U.S. are not eligible.** The following list and dates may be subject to change. Please check show websites for exact dates.

</table>
Companies must exhibit within the USA Pavilion at the eligible tradeshows listed below in order to receive reimbursement for tradeshows.* This includes your distributor representing your products at shows. Below is a list of major tradeshows with U.S. Pavilions taking place in the 2022 Program Year (list and dates are subject to change.) If you are exhibiting at a show that includes a USA Pavilion but wish to exhibit in a different location, please send this request to us in writing. Exemptions will be reviewed on a case-by-case basis.

*If no USA pavilion exists at a tradeshow, THIS RULE DOES NOT APPLY and companies may exhibit anywhere at the show and still receive reimbursement.

Note: This is not a complete list of shows. USA Pavilions are continuously added throughout the year. To verify whether a USA Pavilion exists for any other shows, please visit [fas.usda.gov/topics/trade-shows](http://fas.usda.gov/topics/trade-shows).

This section contains a collection of the most frequently asked questions by program participants, and the answers to those questions. If you have a question that is not answered in this section, do not hesitate to contact Food Export–Midwest or Food Export–Northeast.

Q: Should I submit all of my original reimbursement documentation to Food Export–Midwest or Food Export–Northeast?
A: No. Always keep original documents for your files and submit copies of all documentation to Food Export–Midwest or Food Export–Northeast. We may require original documentation at our discretion. Also, you are required to maintain your Branded Program files for five years following the end of the Program Year. These files are subject to audit by Food Export–Midwest, Food Export–Northeast, or the Foreign Agricultural Service (FAS) of the USDA.

Q: How long does it take to get reimbursed?
A: Once a request for reimbursement is received, we process it in the order received. If no other additional information/documentation is needed, we strive to reimburse all approved expenses within 30 business days. This takes into account the time it takes to request and receive your company’s funding from the Foreign Agricultural Service (FAS) of the USDA. If additional documentation is needed, you will be notified and given 10 business days to acknowledge our request. All claims will be denied if they are still missing the requested information 60 days after the request has been made. Your reimbursement request can be processed more quickly if you:

- Upload all documents in a complete and orderly way in our online portal when submitting your reimbursement claim.
- Provide English translations for all foreign language documents.
- Do not wait until the end of the year to submit all of your reimbursement claims.
- Submit claims within 60 days after the expense is incurred.

Q: Do I have to wait until February to submit claims?
A: You don’t! February is the deadline to submit claims. It is advised that you submit your claims as soon as you have completed the activity and have all of the documentation in hand. Remember, Food Export is under no obligation to reimburse claims that are submitted after 60 days of completion of your activity.

Q: Why didn’t I get paid my full reimbursement?
A: You can always find the reason why your claim was denied or partially denied in your Branded Program Portal. Some frequent reasons for full or partial denial are:

- U.S. origin statement is missing from the proof of activity documentation
- Insufficient or missing documentation
- Expenses were for ineligible activities
- Expenses were incurred for an ineligible or non-approved country
- Transactions were not documented by cancelled check, wire transfer, bank statement or credit card statement (Invoices paid with off-invoicing are not reimbursable)
- Payment was made before your program approval date

Q: Why do I have to submit an evaluation?
A: The evaluation is a requirement of your participation in the Branded Program and helps us continue to offer this program year after year. This form compares results with stated goals and allows you to make comments about the impact of the Branded Program. The form is required, kept strictly confidential, and used to determine the effectiveness of the Branded Program in raising the level of U.S. exports. This form is available online in your Branded Program Portal. Reimbursements and future allocations may be withheld until complete evaluations are submitted.
Q: Can my overseas agent be reimbursed for expenses?
A: Yes, but not directly. The overseas agent must be paid by the U.S. company by check, wire transfer, bank transfer, credit card, or credit memo for at least 50% of the total invoiced amount. After paying the agent, the U.S. company can submit the agent’s expenses for Branded Program reimbursement. Also, all agent expenses are subject to the same eligibility requirements as the U.S. company.

Q: Can I exhibit at a show in my overseas agent booth?
A: You may exhibit in your distributor’s booth, but if there is a USA pavilion at the show, you must request an exemption, in writing, in advance of the show.

Q: Will my overseas agent travel cost be reimbursed?
A: Yes, but you are only eligible for travel reimbursements for the cost of two travelers.

Q: Our company decided to change its logo. Will the program reimburse us for a new label?
A: No, only foreign compliant packaging is eligible for reimbursement. We cannot reimburse you for any packaging intended for use in the U.S.

Q: If we hire a taxi or rental car to take product samples or booth decorations from our hotel to the tradeshow convention center, is this eligible?
A: No, travel costs are not eligible for tradeshows held in the U.S. In this case, your packages are traveling with you, so it is seen as transport of you. For overseas shows, the meals and incidentals allowance covers your daily show transportation. A freight cost for shipping samples or booth materials via a common carrier (UPS, USPS, etc.) is eligible for domestic and international tradeshows.

Q: Are product samples, costs of labels, or packaging for samples eligible for reimbursement?
A: The cost of labels and packaging for samples is eligible, but the cost of the actual samples is not.

Q: Our importer conducted in-store tastings but did not provide any photos as proof of activity. We know the tastings took place—what else can we provide?
A: Most demonstration companies have their demo assistants fill out a demo report for each tasting. We will accept copies of the demo reports, along with detailed information on the location, dates, and times of the tasting as proof of activity.

Q: Will I only be reimbursed for Food Export–Midwest or Food Export–Northeast sponsored international tradeshows? For a maximum of three years?
A: No and no. All international tradeshows are eligible for reimbursement. Please make sure you exhibit in the USA pavilion if one exists at the show.

Q: What if a show does not have a USA pavilion? How do I find out?
A: You should always contact the show organizers. We have also provided a tentative list of tradeshows that have a USA pavilion on pages 36-37. Dates and locations are subject to change throughout the year, please log onto the Foreign Agricultural Service (FAS) of the USDA website for a current list of tradeshows.

Q: My booth posters didn’t carry a USA origin statement but I displayed a “Made in the USA” sign. Why didn’t I get reimbursed for the design and printing of the posters?
A: The U.S. origin statement must be incorporated into the design of all graphic and printed materials to be eligible for reimbursement.

Q: We created our promotional literature in-house. Why can’t we get reimbursed for the cost of the design software, ink cartridges, and the paper? It is cheaper than using an outside vendor.
A: We can never reimburse for office supplies since there is no way to document that paper, ink cartridges, etc., were used only for the creation of eligible literature and graphics.
Q: Does the statement of origin have to be printed on give-aways to be eligible for reimbursement?
A: Yes, and your company name/brand name must be printed on the item.

Q: Can I be reimbursed for advertising and similar promotions in the USA?
A: No. The only reimbursable expenses in the U.S. or its possessions are those related to exhibiting at an approved tradeshow held in the U.S.

Q: When the trade show or trade mission activity is over, can I extend my trip and stay a little longer than the actual dates of the activity?
A: 1.) Eligible days for reimbursement of lodging and per diem expenses are two days before the start of the show, and one day after the show. Your flights can be within a reasonable travel window.

2.) If you wish to deviate from the eligible travel dates of the activity, when you book a flight, kindly save a comparable flight quote showing the cost of your trip without side travel. Submit the comparable quote with your claim submission of travel reimbursement. Food Export will reimburse the lesser of the actual ticket flown or the quote for eligible travel.

3.) When in doubt of travel claims, please contact the Branded Program team to discuss your trip before you book. We are happy to review your proposed travel itinerary and answer any questions you may have.
Contract Changes (Amendments)
Changes to your plans can be made throughout the course of the year. In some cases (adding funds, adding new countries, adding new brands) the changes will result in the need to amend your contract. If that occurs an agreement outlining the changes to your existing contract will be mailed to you. Like the contract it will require an Executive Level signature (President, CEO, Owner, etc.).

Agricultural Trade Promotion Program
The Agricultural Trade Promotion Program (ATP) helps U.S. agricultural exporters develop new markets and will help mitigate the adverse effects of other countries’ tariff and non-tariff barriers. The ATP provides cost-share assistance to eligible U.S. organizations for activities such as consumer advertising, public relations, point-of-sale demonstrations, participation in trade fairs and exhibits, market research, and technical assistance. The ATP is available to all sectors of U.S. agriculture, including fish and forest product producers, mainly through partnerships with non-profit national and regional organizations. FAS administers the ATP under authorities of the Commodity Credit Corporation Charter Act.

Approval Date(s)
The approved date of the application and/or contract change request, as stated in your approval letter(s), Program Agreement, and any Program Contract Changes. Expenses incurred before the approval date will not be reimbursed. All requests to add countries must be submitted before activities in those countries are conducted. Remember the February 28 deadline is for reimbursements requests and evaluations. Any changes to your original Country Marketing Plans (Program Agreement Changes) must be submitted before the program year ends on December 31.

Branded Funds
This term refers to the amount of reimbursements received by the participating company. Example: If a company submits a claim for $100, the $50 reimbursement the company receives is considered Branded Funds.

Business Confidentiality
The information in this application may be subject to disclosure under the Freedom of Information Act (FOIA). Only information that would likely impair the government’s ability to obtain necessary information or cause substantial competitive harm may be withheld under exception 4 of the FOIA, 5 U.S.C. 552, 7CFR, Part 1, Subpart A. If this application is requested from the Foreign Agricultural Service (FAS) of the USDA under FOIA, the participant will be notified and may fully explain, in writing, any objections to the disclosure of any specified portion of the information requested.

Exclusivity Agreement
The U.S. applicant must own the brand name of the products to be promoted or have the brand owner sign the exclusivity agreement page of the application form. This certifies that the brand owner gives the applicant the exclusive right to seek Branded Program funds to promote the specified product(s) in the specified market(s). This must be done for all products where the applicant does not own the brand name.

Foreign Agricultural Service (FAS) of the USDA
The Foreign Agriculture Service (FAS) of the United States Department of Agriculture (USDA), is the government agency that provides Market Access Program funding to Food Export–Midwest and Food Export–Northeast for their Branded Program.

Incurred Expense
An expense is incurred on the date that the check, wire transfer, credit card, or other bank transaction occurs, not the date on which the goods or services are provided by the vendor. The only exception: tradeshow booth expenses are considered to be incurred when the show takes place, not when the payment is made.
Market Access Program (MAP)
This is a federally funded program that provides financial assistance to U.S. exporters for the promotion of U.S. agricultural products in international markets. Participating Trade Associations and non-profit organizations representing producers and other sectors of agriculture are provided funds from a joint program under the Foreign Agricultural Service (FAS) of the USDA which is aimed at developing international markets. Today, there are approximately 80 of these groups working with the Foreign Agricultural Service (FAS) of the USDA on a continuing basis in a variety of programs.

Overseas Agent
These can be distributors, agents, brokers, importers, and representatives in international markets where Branded Program funds are being used. Typically, the overseas agents are conducting Branded Program activities on behalf of the U.S. supplier.

Overseas Agent Funds
The portion of the expense that is paid by the overseas agent. For example, if a distributor in Canada pays for an advertisement in full, the U.S. company must reimburse them at least 50% of that expense. The portion they are not reimbursed by the U.S. company is the overseas agent funds.

Participant Funds
The 50% contribution the company makes each time an expense is reimbursed. Example: When a company submits a reimbursement for $100, the company has actually contributed $50 into their own overseas marketing budget. The $50 is considered participant funds.

Small Company
A company that meets the Small Business Administration’s (SBA) definition of a small company. This is according to their North American Industry Classification System (NAICS) codes as published at 13CFR, part 121 (based on the number of employees or annual sales, depending on the SIC industry category).

SRTGs (State Regional Trade Groups)
Food Export–Midwest and Food Export–Northeast are two of the four State Regional Trade Groups (SRTGs) that assist companies with export promotions. Two other regional groups, SUSTA and WUSATA, provide similar services for companies based in or sourcing product from the Southern and Western U.S. regions, respectively. See page 7 for SUSTA and WUSATA contact information.

The 3 Tracks to Export Growth

Our three program categories enable new and established suppliers to pursue international market opportunities and fuel long-term growth.

**Exporter Education**
Enhance your export expertise with ongoing education programs for all experience levels.

**Market Entry**
Identify opportunities in international markets and meet potential buyers.

**Market Promotion**
Strengthen your international presence through the Branded Program.

---

Food Export-Midwest and Food Export-Northeast administer many services through Market Access Program (MAP) funding from the Foreign Agricultural Service (FAS) of the USDA. Persons with disabilities who require reasonable accommodations or alternate means of communication of program information should contact us. Additionally, program information may be made available in languages other than English. Food Export-Midwest and Food Export-Northeast prohibit discrimination in all their programs and activities on the basis of race, color, national origin, religion, sex, gender identity (including gender expression), sexual orientation, disability, age, marital status, familial/parental status, income derived from a public assistance program, political beliefs, reprisal or retaliation for prior civil rights activity. To file a program discrimination complaint, go to https://www.ascr.usda.gov/complaint-program-discrimination.

Food Export-Midwest and Food Export-Northeast are equal opportunity employers and providers. Food Export-Midwest and Food Export-Northeast do not tolerate fraud and are vigilant in preventing fraud in any of their programs. Food Export-Midwest and Food Export-Northeast reserve the sole right to accept or deny companies into their programs. For complete participation policies and our code of ethics, visit: www.foodexport.org/termsandconditions.
Exporter Education

**Webinars**
Learn about the export process and the resources available to help expand your business

**Export Advisor Program**
Year-long assistance from expert advisors to help your company develop and implement an export strategy

**Export Essentials Online**
Comprehensive online learning modules on the exporting process

**Seminars**
Live seminars based on key export topics and regional subjects of interest

---

**Market Entry**

**Trade Leads**
Receive targeted trade leads from qualified buyers via our overseas network at no cost

**Market Builder**
Customized market research from our In-Market Representatives and importer feedback on your product

**Lead Qualification Service**
Get help qualifying foreign buyer leads following an event or via online introduction

**Virtual Consultations**
Video chat with an In-Market Representative to get first-hand feedback from our industry experts

**Focused Trade Missions**
Travel and explore a market to experience the local food industry landscape and meet with prospective buyers

**U.S. Foodlink**
Showcase your products and gain exposure with buyers in our internationally-distributed newsletter

**Buyers Missions**
Meet with qualified buyers and promote your products without leaving the U.S.

**Food Show PLUS!™**
Maximize your trade show success with on-site assistance, market knowledge, and access to qualified buyers

---

**Market Promotion**

**Branded Program**
Receive 50% cost reimbursement on an assortment of international marketing activities including advertising, demos, website development, international trade shows, and more

Terms and Conditions

As a participant in any Food Export–Midwest or Food Export–Northeast program or activity, I agree to abide by the following terms and conditions:

Non-Discrimination
Food Export–Midwest or Food Export–Northeast do not discriminate on the basis of age, disability, national origin or ancestry, race, gender, religion, sexual orientation, marital status, political affiliation or military status. Persons with disabilities or who otherwise require alternate means for communication of program information can contact us.

Participation Eligibility
Ensuring broad company participation and access to Food Export–Midwest or Food Export–Northeast programs and services is an important component in achieving our mission. Food Export programs are open to those appropriate entities that have expressed interest in exporting and exhibit potential of increasing exports of food and agricultural products, and therefore impacting our regions’ agriculture, improving the regions’ prosperity and creating jobs. Participation is open to those entities that can demonstrate such impact, either through the presence of corporate headquarters, facilities or significant sourcing from documented suppliers within our regions, and to all otherwise-qualified individuals and entities on an equal basis and without regard to any non-merit factors.

Food Export–Midwest or Food Export–Northeast recognize that other export-focused organizations may also offer resources that are appropriate for entities considering participation in our programs. We view collaboration as an essential component to success, (as evidenced by our own strategic alliance) and strongly advocate any such effective complementary resources, while at the same time avoiding duplication. Food Export–Midwest or Food Export–Northeast make it a priority to inform current or potential participants about other relevant export service providers, including providing them with specific contact information. These include our member state agencies, other State Regional Trade Groups, other Cooperator agricultural groups, U.S. Department of Commerce Export Assistance Centers, Small Business Administration or Small Business Development Centers or other similar organizations.

Maintaining the integrity and public support for Food Export–Midwest or Food Export–Northeast’s mission is one of our highest priorities. Food Export–Midwest or Food Export–Northeast reserve the right to approve participation in any of our programs based upon the participant’s prospects to help us in our mission of increasing U.S. exports, positively impacting U.S. agriculture and creating prosperity and U.S. jobs.

We reserve the right to deny participation, including Branded Program reimbursement, to any company or for any product which, in Food Export–Midwest or Food Export–Northeast’s sole opinion, may cast a negative or controversial light on Food Export–Midwest, Food Export–Northeast, our member state agencies, the Foreign Agricultural Service (FAS) of the USDA, the Market Access Program (MAP) or taxpayer support for any of the above; to any firm or individual which, in the sole opinion of Food Export–Midwest or Food Export–Northeast does not comply with FAS, MAP or Food Export–Midwest or Food Export–Northeast regulations or policies, or otherwise offer the best opportunity to achieve our mission of increasing food and agricultural exports; or for any failure to comply with our Code of Ethics. (foodexport.ethicspoint.com).

Food Export–Midwest and Food Export–Northeast reserve the right to deny services. Submission of any false or misleading information may be grounds for rejection or subsequent revocation of any application or participation.
This Code of Ethics (“Code”) of Food Export–Midwest and Food Export–Northeast is a statement of the Organizations’ common values and of our common commitment to promote the highest possible standards of professional business conduct for the mutual benefit of the industry and for the ultimate benefit of the consumer.

Ethics Goal
Food Export–Midwest & Food Export–Northeast, by adopting and enforcing this Code, seek to maintain and enhance the reputation of our Organizations and of our Participants within the industry.

Code of Ethics
It is expected that Food Export–Midwest & Food Export–Northeast Staff, Members, Contractors, and Participants in our activities:

· Strive to maintain the highest standards of business conduct by using only legal and ethical means in all business activity.
· Actively promote and encourage the highest level of integrity within the trade.
· Cooperate in every reasonable and proper way with other related organizations, as appropriate, and work with them toward the advancement of the food and agricultural exporting industry.
· Be fair, equitable and respectful to employer(s), employees, associates, competitors, customers, the public, and all business or professional relationships arising through contact with Food Export–Midwest & Food Export–Northeast.
· Adhere to honesty in advertising and in representations to the public, including in any application or reimbursement claim to Food Export–Midwest & Food Export–Northeast.
· Treat customers and suppliers honestly, fairly and objectively.
· Observe all applicable state, federal, foreign or international laws and regulations.
· Provide a safe working environment.

· Avoid any unfair or deceptive practice and always present our products, programs, or services in an honest and forthright manner.
· Refrain from discriminatory practices in dealing with employees, contractors, participants, customers and vendors.
· Respect the rights of others concerning their intellectual property such as patents, copyrights, trademarks, trade secrets, or any other proprietary business information and, if any innocent breach occurs, promptly address and rectify any such breach.
· Recognize that other participants will compete for business within lawful, reasonable and customary practice.
· Comply in good faith with contractual obligations.
· Never pay any bribe, kickback or other corrupt payment in any form directly or indirectly to or for anyone for the purpose of obtaining or retaining business or obtaining any other favorable action, nor offer or extend any gift or entertainment that is illegal, known to be in violation of the rules of the recipient’s organization, or likely to result in a feeling or expectation of personal obligation on the part of the recipient.
· Act in a manner consistent with, and make every effort to uphold this Code of Ethics.
· This Code of Ethics does not set forth all aspects of good conduct and ethical behavior. Acceptance of, and adherence to this Code is a condition of participation with or employment by Food Export–Midwest & Food Export–Northeast.

Food Export–Midwest & Food Export USA–Northeast do not tolerate fraud in the operation of its programs. Any incident of suspected fraud can be reported (anonymously) by:

· Calling 1.855.727.6715 (Domestic toll-free, international calling rates apply)
· Filing a report online at foodexport.ethicspoint.com.
Food Export–Midwest and Food Export–Northeast are non-profit organizations composed of 23 Midwestern and Northeastern state agricultural promotion agencies that use federal, state, and industry resources to help companies increase product sales overseas. Food Export–Midwest and Food Export–Northeast administer many services through Market Access Program (MAP) funding from the Foreign Agricultural Service (FAS) of the USDA.
