PRICE**

ABOUT THE SHOW

VIV Asia is the largest international platform for Southeast Asia's booming animal protein production and processing industry. Held every two years in Bangkok, Thailand, VIV Asia has propelled itself to become the most important gateway to Asia's emerging markets for professionals from throughout Asia involved in producing and processing animal proteins.

Southeast Asia is the world's fastest growing regional population and the middle class is growing right alongside the population in each country. This means the demand for animal proteins will continue to grow proportional to the population.

The last edition of the show hosted 1,100+ exhibitors and 47,000+ visitors, representing 110+ countries around the world.
